

Zufallszahl

```
graph TD; A([Zufallszahl]) --> B(Schlüssel-generierung); B --> C([privater Schlüssel]); B --> D([öffentlicher Schlüssel]);
```

The diagram illustrates the process of key generation. It starts with a pink oval labeled 'Zufallszahl' (Random Number) at the top. An arrow points down to a light blue rounded rectangle labeled 'Schlüssel-generierung' (Key Generation). From this central box, two arrows point downwards to two yellow ovals: 'privater Schlüssel' (Private Key) on the left and 'öffentlicher Schlüssel' (Public Key) on the right.

**Schlüssel-
generierung**

**privater
Schlüssel**

**öffentlicher
Schlüssel**
